

Position Title: Psychiatric Mental Health Nurse Practitioner (PMHNP), Full or Part Time

Responsible To: Director, Strategic Planning & Compliance

Position Summary:

The Psychiatric Mental Health Nurse Practitioner (PMHNP) will provide outpatient psychiatric evaluation and medication management services at Provident Behavioral Health's Psychiatric Services department, which launched in June 2019. Provident is a St. Louis based behavioral health agency with a rich history of serving the community since 1860. The PMHNP will work in coordination with Provident's outpatient counseling services to provide psychiatric services to adult and youth clients with behavioral health issues. This position will be supervised externally by a psychiatrist with whom there is a Collaborative Practice Agreement established upon hire. Liability insurance and collaborating physician costs are both paid for by Provident. The PMHNP will work out of one or more Provident office sites in the St. Louis metro area. Services will initially be office-based, with the opportunity to grow telehealth services in the future to serve clients at remote locations. The PMHNP will work in collaboration with a Medical Assistant to coordinate client care, assist with insurance pre-authorization, and caseload management.

Job Requirements and Qualifications:

Minimum Required Education:

- Master's or Doctorate Degree in Nursing with focus on Psychiatric nursing
- Graduation from a state-certified advance practice program specializing in psychiatry/mental health

Minimum Required Experience:

- At least 1-2 years providing direct client care to persons receiving treatment for psychiatric disorders
- Ability to work with both adult and youth/child populations

Preferred Experience:

- 3+ years of experience as a psychiatric provider
- Experience in telemedicine

Licenses/Certifications:

- Must be certified by the American Nurses Credentialing Center (ANCC) in Psychiatric Mental Health (PMH) as a Psychiatric Mental Health Nurse Practitioner (PMHNP)
- An unrestricted license to practice as an advanced practice registered nurse (APRN) in the state of Missouri
- Must have a valid DEA number and unrestricted DEA license in Missouri
- A state-issued Controlled Substance Registration (CSR) in Missouri
- Registration with the state Prescription Monitoring Program (PMP) in St. Louis County and for Missouri (when state-wide PMP is developed), where direct services will be provided
- No suspension/exclusion/debarment from participation in federal health care programs (e.g. Medicare, Medicaid, SCHIP)
- Maintain credentials and licensure with all major insurance companies and licensing boards with the assistance of Provident credentialing staff.

Other Skills Required:

- Experience in delivering high-quality, client-centered care
- Able to document and navigate EHR independently
- Ability to maintain strict client confidentiality
- Ability to effectively communicate and interact with individuals involved in all aspects of programming - children, parents, school faculty and staff, grantors, funders, partner agencies, members of the community and Provident team members
- Serves as a representative of Provident, displaying courtesy, tact, consideration and discretion in all interactions with Provident team members, clients, school system staff and faculty, grantors, funders, regulators and members of the general public
- Proficient computer skills, including working knowledge of Microsoft Office Suite
- Ability to work effectively on multidisciplinary team
- Language Skills: Ability to read, analyze and interpret general and professional documents. Ability to write routine reports and correspondence. Ability to effectively present information in one on one and small group situations
- Must possess the ability to make independent decisions when circumstances warrant such action

- Ability to foster teamwork; train and direct the work of team members and colleagues
- Excellent organizational skills, including the ability to work productively and make independent decisions.

Supervisory Responsibilities:

- None

Fiscal Responsibilities:

- None

Working Conditions / Environment:

- Full time equates to 40 working hours per week. Part Time hours TBD.
- Flexibility in setting work schedule, with work hours falling between 7:00 am and 9:00 pm.
- Accessible to Provident's team of 24/7 crisis clinician for clinical consultation.
- Continuously meet minimum required hours of direct services to clients each week, allowing remainder of work hours for documentation, meetings, trainings, and supervision.
- The noise level in the work environment is usually low. While performing the duties of this job, the employee is regularly required to talk or hear. The employee is frequently required to stand, walk, and sit. The employee is occasionally required to reach with hands and arms; climb or balance; and stoop, kneel, or crouch.

Essential Duties and Responsibilities:

- Responsible for providing psychiatric services to clients in a variety of clinical settings during scheduled hours. Scope of services includes outpatient psychiatric evaluations and medication management services.
- Assess, diagnose, and treat adults, adolescents, and children experiencing symptoms of a behavioral health disorders.
- Prescribe, recommend, or discontinue drugs and treatments to treat mental, emotional, or behavioral disorders in accordance with the *Collaborative Practice Agreement* and the state's *Nurse Practice Act*.
